

In our Medical Education Centre in Marseille, France, we offer an individual EUS training with high-quality hospitation which is tailored to the interests and individual expectations of the participants. The hospitation lasts four days (from Monday to Thursday) and is limited to two participants.

The following subjects will be considered:

- **Linear and radial diagnostic endosonography**
- **Therapeutic endosonography**
 - Celiac neurolysis
 - Hepatico-gastrostomy
 - Pancreatico-gastrostomy
 - Pancreatic pseudocyst drainage
- **New technologies of tissue characterization**
 - Elastography
 - Contrast-enhanced endosonography
- **Tri-dimensional endorectal ultrasound**
- **Training on Simbionix simulator**
